榮獲 ISO9001 國際質管認證

Started on 2001, Softabacus has only one purpose and that is to design EPOS systems to help our Customers and their Businesses to compete in the 21st century. In a few short years, Softabacus has established a respected and well earned reputation in the Chinese and Oriental catering trade as the leading EPOS management solutions provider.

Today, Softabacus is an **ISO9001 Certified Company**. This worldwide accreditation confirms Softabacus as a company able to provide a high quality service to its customers, from the initial purchasing decision, through onsite installation with training, and finally the all important after sales service and support. You can be sure that Softabacus will give you, our customers, peace of mind.

A good service must accompany products that will improve your business operations. Our highly skilled product development team has created a range of EPOS systems currently being used by many well known restaurants and takeaways. Now they have added an ultra fast '**1 second Dim Sum ordering system**' for busy Dim Sum restaurants and a simple and effective '**5 second delivery management system**' for the ever increasingly competitive fast food delivery market.

It is the '**We Listen... We Help... We Care**' ethos of all our company and staff that has endeared us to our customers and their wholehearted recommendation of our products to their friends and families. By working closely together, we can provide you and your business the products and services you deserve.

CLIENT LIST

A FIRST CLASS SERVICE

We have many satisfied customers spread all over the country. Our ability to respond to service calls quickly and effectively using remote diagnostics and remote maintenance, is your assurance of a first class service for your business.

The logo for wok2go, featuring the text "wok2go" in a white, lowercase, sans-serif font on a dark grey rectangular background.The logo for COSMO, with the letters "COSMO" in a metallic, 3D-style font.A green rectangular sign with yellow Chinese characters "新世紀大酒樓" at the top, followed by "Peninsula" and "Chinese Restaurant" in yellow text.A sign for Peninsula Chinese Restaurant with the name "Peninsula" in red script and "chinese restaurant" in red lowercase text below it.The logo for ORIENTAL BUFFET, with the text "ORIENTAL BUFFET" in a metallic, 3D-style font.

Our Clients

Many top restaurants and takeaways are using Softabacus EPOS systems to serve millions of satisfied customers every year.

Call us now (0870 766 1083 or +44 207 183 2504) for a no obligation free demonstration.

EDUCATION SEMINARS

Softabacus (UK) Ltd is now working closely with regional Chinese organisations to provide Educational Seminars on EPOS systems for the benefit of their members.

If your members are interested in learning more about how EPOS systems can help their business please call 0870 766 1083 for details.

IMPROVING YOUR BUSINESS PROFITABILITY

Softabacus EPOS systems will help to improve your business operations and it's profitability:

1. RESTAURANT MANAGEMENT

Eliminate missing, wrong and lost orders

Provide you with a customer database, helping you to promote your business more effectively.

Improve efficiency, helping you to give a better customer service and reduce staff costs

2. STAFF MANAGEMENT

Three levels of security (Staff, Manager and Owner), giving you a well defined management and control structure

Monitor staff performance

Prevent inaccurate takings data

Simple end of day routines

3. INVENTORY CONTROL

Monitoring stock levels, reducing the risk of stock loss, providing you accurate business performance data.

4. FINANCIAL MANAGEMENT

Daily trading records can be downloaded or automatically sent to your back-office system

Reports on business performance

Management accounts

Year end accounts

5. CENTRALCONTROL AND REAL TIME MONITORING

Central control and real time monitoring of your business giving you savings in administration and accounting costs.

TESTIMONIALS

CUSTOMER RECOMMENDATIONS

Softabacus EPOS systems are used by many successful restaurants and takeaways.

Softabacus is honoured and would like to sincerely thank all our customers for recommending our products to their friends and families.

Cosmo Restaurant Chain – South West England

All five of our restaurants use Softabacus EPOS systems including handheld wireless PDAs. We use a central back-office system to manage all our restaurants, this has turned out to be an excellent investment because we have generated cost savings in both administration and accounting. **The real time monitoring software is vital because all business partners can monitor real time the trading conditions of every business from all corners of the world via the internet.** Softabacus is a very professional company. They have proved to be a perfect business partner over the last few years.

Peninsula Restaurant – Greenwich, London

Our restaurant serves Dim Sum and is a very popular venue for holding wedding receptions for up to 450 guests. By working in close partnership with Softabacus, we are now the proud owners of a **'One second Dim Sum ordering system'** that has improved the speed and accuracy of service to our customers. We currently have a large Softabacus networked EPOS system, that includes; five terminals, ten printers; a Dim Sum optical reader. We can also boast to be the first restaurant to use a **'mobile wireless EPOS terminal'** in the UK.

Crispy Duck Restaurant– Chinatown, London

We have two restaurants in London's Chinatown and will be opening a third restaurant in a few months. Our restaurant which provides authentic Chinese food and Dim sum, occupies six floors. We currently have 5 Softabacus EPOS terminals and 7 printers. **Softabacus has been excellent in helping us to create a near perfect EPOS system specific to our restaurant operation.** I have recommended many friends to Softabacus.

Buffet Restaurant Chain – Midlands

We specialise in buffet restaurants. Our flagship restaurant can cater for more than 400 customers. All our restaurants use wireless PDAs with two cashier terminals and a central back office system. We are very happy with our Softabacus EPOS system and the after sales service and support. We have already placed an order for the same EPOS system to be installed in our new restaurant before it opens to our customers.

Takeaway and Fish & Chips Shop – Bristol

Our shop is very busy. We are currently using a network of four Softabacus Epos terminals and five printers. **With customers piling into our shop and the telephone ringing non-stop, the Softabacus system has proved to be simple to use; fast and reliable.** Now, our customers can be served quicker and faster.
